

South Chagrin Reservation

South Chagrin Reservation:

The Chagrin River, designated as a State Scenic River in 1979, skirts the eastern edge of the reservation. A well-known focal point is Henry Church Rock, a sandstone boulder carved by Henry Church Jr. in 1885. Beyond the river are acres of forest and meadows, rich with birds and spring wildflowers. Look About Lodge, listed on the National Register of Historic Places, was constructed in 1938 by the WPA for the Cleveland Natural Science Club. The Lodge now serves as a Cleveland Metroparks outdoor education center offering year-round nature programming.
